✉ rodersowino48@gmail.com

Dear Hiring Manager,

I am writing to apply for the **ICT Internship position** at Kenpoly Manufacturing Limited. I am currently working at Kenpoly as a **Data Clerk** and have completed a **Diploma in Information Communication Technology (ICT)**. I am also pursuing a **Diploma in Data Science and Analytics**.

In my current role, I support daily operations through **ERP system usage, data management, report generation, and digital record maintenance**, working closely with multiple

departments. This experience has given me practical exposure to how ICT systems support manufacturing and operational workflows.

I possess foundational skills in **ICT support, databases (MySQL & DBMS), basic programming, HTML, and Microsoft Office**, and I am eager to grow my technical skills through hands-on learning within Kenpoly's ICT department. As an internal candidate, I understand the company's systems, policies, and work culture, allowing me to contribute effectively from day one.

I would appreciate the opportunity to be considered for this internship and to further develop my ICT skills within Kenpoly.

Yours faithfully,
Rodgers Owino
